Indoor Unit Serial#: _____

Installed by: _____

Date Installed: _____

Size (tons or BTUs): _____

Harrison REMC reserves the right to approve, deny or select the appropriate rebate.

Please read the following additional rebate conditions. Sign and date below to indicate you understand these conditions:

- 1.) Prior approval from Harrison REMC is required for electric resistance rebates.
- 2.) To qualify for a rebate, the home in which the equipment is installed must be occupied year-round.
- 3.) To receive a rebate from Harrison REMC, all homeowners must provide AHRI (Air conditioning, Heating and Refrigeration Institute) validation for all SEER ratings. This can be obtained from the installing heating and cooling dealer. No rebate will be awarded based on SEER rating listed on the HVAC dealer bid specifications, promotional material of dealer, manufacturer or any other source than AHRI.
- 4.) ALL homeowners must complete a rebate request form and provide proof of purchase to receive any 2017 Harrison REMC rebate. Deadline to apply for 2017 Rebate Program is Dec. 15, 2017.

2017 Rebate Request Form - HVAC Systems

→ Air Source Heat Pump or Mini-Split Heat Pump

(For installation in new construction or replacing any heating system EXCEPT 100% resistance heat.)

Dual/variable speed compressor: \$700 rebate

Harrison REMC Only:

Other conditions to be met:

- Traditional stick-built and modular housing - **minimum 16 SEER rating**
- Manufactured/Mobile housing* - **minimum 14 SEER rating**
- Units that do not qualify include:
 - ▶ Window AC units or heat pumps
 - ▶ "Thru-the-wall" AC units or heat pumps (hotel-type machines)

Other conditions to be met for ductless mini-split are:

- Minimum 16 SEER rating
- Must be primary heating and cooling for the home
- Minimum of 2 indoor units per outdoor compressor bearing unit

→ Air-Source Heat Pump or Ductless Mini-Split Heat Pump

(Replacing heating systems that used 100% electric resistance heat.)

Single speed compressor heat pump: \$750 rebate

Dual/variable speed compressor heat pump: \$1,450 rebate

Harrison REMC Only:

Indicate the type of system you are replacing by checking one box below:

electric furnace electric baseboard ceiling cable other type of electric resistance heater

Other conditions to be met:

- Traditional stick-built and modular housing - **minimum 16 SEER rating**
- Heating with wood can disqualify this rebate option, and ductless mini split heat pumps are not eligible.
- Manufactured/Mobile housing* - **minimum 14 SEER rating**

** Mobile/manufactured homes are defined as:*

- Factory assembled; Transportable; Designed for transportation on own chassis; Can be placed on temporary or permanent foundation; Intended for year-round occupancy
- Note: Modular homes do not meet these requirements. Modular homes are considered residential single family homes.

→ Dual Fuel (fossil fuel furnace with heat pump)

Dual/variable speed compressor heat pump: \$1,000 rebate

Harrison REMC Only:

Other conditions to be met:

- Traditional stick-built and modular housing - **minimum 16 SEER rating**
- Manufactured housing* - **minimum 14 SEER rating**

→ Geothermal Heat Pump

Geothermal incentive: \$1,450 rebate

Harrison REMC Only:

Other conditions to be met:

- Rebate incentive requires a desuperheater installation for each geothermal system installed

FOR REMC OFFICE USE ONLY

Total Rebate Amount: \$ _____
